According to our Military Transition Survey, when asked to rank the effectiveness of Job Fairs and Hiring Conferences, **Hiring Conferences were ranked as "Very Effective" 10 times more often than Job Fairs.**

This Hiring Conference is your chance to interview the top-tier of Military Officer talent, selected specifically for your open positions. You will be presented with prescreened, qualified and suitably matched veterans that are interested in your available opportunities.

Your safety and the safety of our candidates and employees is our top priority. This event will have a capped number of attendees to allow for social distancing and all applicable safety precautions.

OUR JUNIOR MILITARY OFFICERS

- Ideal for positions in leadership, sales, project management, engineering and operations.
- Graduates of our nation's service academies and other top tier schools and have completed their service obligation.
- The work experience of a JMO far exceeds that of their peers. By age 25 they have already led teams of 40 - 200 people and have managed multi-million-dollar projects.

"Our first Hiring Conference experience was well worth the time. I prefer to use Orion in the future rather than going through hundreds of job board resumes! I let Orion know my needs and they selected the perfect candidates that met the criteria for the interview. No time wasted!"
